ICPS giving you a hip and a knee up

You know us, we're all about the coordination of your care to ensure you recover quicker and more effectively. As such, we recommend our new Improved Clinical Pathway Services (ICPS) for members who need hip and knee replacements. A 'clinical pathway' basically means that a network of the relevant healthcare professionals will oversee every step of your hip or knee replacement journey, from FP referral to surgery right through to your full rehabilitation. As the patient, you benefit since this coordinated approach has been proven to result in better health outcomes and patient satisfaction! So, you'll be back on your feet before you know it thanks to a managed process that includes your pre-op assessment, a rapid recovery plan with pre-operative strengthening, physiological anaesthesia, minimally traumatic surgery, and aggressive postoperative physiotherapy. It means peace of mind when you need it most. To find an ICPS surgeon, visit www.icpservices.co.za or call 0860 002 153.

Day-to-Day Benefits

Day-to-day expenses are covered from available funds in the Savings Account, Out-of-Hospital Expenses Benefit (OHEB) and carry-over Savings. Limits may apply when calculating certain claims for accumulation to Threshold. These limits will also apply for refunds from OHEB and Threshold.

The Threshold Benefit pays for certain day-to-day expenses once Savings and OHEB have been depleted and claims have accumulated up to the required level. The Threshold Level is reached through the accumulation of claims paid from Savings, OHEB and the member's own pocket through the year at the Fedhealth Rate, unless otherwise specified. Where limits apply, expenses will only accumulate up to this limit and this limit will also apply to refunds from Threshold.

Oh baby!

Welcoming a teeny tiny baby into your family must be one of life's happiest moments! We like to make this special event even more joyful by not only ensuring that your day-to-day benefits cover all your pregnancy costs, but also offering you the value-adding Fedhealth Baby Programme. We pay pregnancy costs from Savings and OHEB if you have funds available. Consultations with a Fedhealth Network gynaecologist will be covered in full at the agreed rate from your Savings and OHEB. Consultations with non-network gynaecologists will be covered at cost from your Savings and up to 100% of the Fedhealth Rate from OHEB. Just remember, non-network gynaecologists may charge more for consultations, which will result in your day-to-day funds being depleted sooner. We'll be with you every step of the way – nine months and beyond!

Plus, for more value-added support benefits paid from Risk to make your day-to-day medical spending go further, like **specialised radiology**, please go to page 5 of this brochure.
