Total Investment Charges

as at 31 December 2015

Total Expense Ratio (TER)	2.60%
Weighted TER portion of underlying	2.60%
Performance Fees	0.00%
Transaction Costs (TC)	0.00%
Total Investment Charges (TIC)	2.60%

TER: expenses relating to the administration of the Financial Product. A higher TER ratio does not necessarily imply a poor return, nor does a low TER imply a good return. The current TER may not be necessarily an accurate indication of future TERs. TC: Costs relating to the buying and selling of the assets underlying the Financial Product.

TIC: Transaction costs are a necessary cost in administering the Financial Product returns. It should be considered in isolation as returns may be impacted by many other factors over time including market returns, the type of Financial Product, the investment decisions of the investment manager and the TER.

Disclaimer

This is a minimum disclosure document. GTC Management Company is a member of ASISA. Collective Investment Schemes in Securities are generally medium to long term investments. The value of participatory interests may go down as well as up and the manager does not provide any guarantee either with respect to the capital or the return of a portfolio. CIS's are traded at ruling prices and can engage in borrowing and scrip lending. Different classes of units apply to these portfolios and are subject to different fees and charges. A schedule of fees and charges and maximum commissions is available on request from the manager. The manager has a right to close portfolios to new investors in order to manage them more efficiently in accordance with their mandates. Commission and incentives may be paid and if so, would be included in the overall costs. Forward pricing is used. The manager may borrow up to 10% of the market value of the portfolio to bridge insufficient liquidity. Actual investment performance will differ based on the initial fees applicable, the actual investment date and the date of reinvestment of income. Past performance is not indicative of future performance. Performance is calculated for the portfolio as well as that of the individual investor. Performance may differ as a result of initial fees, the actual investment date, the date of reinvestment and dividend withholding tax. The investment performance is for illustrative purposes only. Dealing prices are calculated on a net asset value and auditor's fees, bank charges and trustee fees are levied against the portfolios. GTC does not provide any guarantee either with respect to the capital or the return of a portfolio. Risk profile of the fund ranges from low risk to high risk with a low risk potentially associated with lower rewards and a high risk with potentially higher rewards. Fund of funds are portfolios that invest in portfolios of collective investment schemes that levy their own charges, which could result in a higher fee structure for the fund of funds. GTC does not provide any guarantee either with respect to the capital or the return of a portfolio. Risk profile of the fund ranges from low risk to high risk with a low risk potentially associated with lower rewards and a high risk with potentially higher rewards. GTC's portfolios are valued daily at approximately 15h00. Instructions must reach Silica before 14h00 to ensure same-day valuation.
