

GTC Capital Plus (GTC Three)

As of 31/10/2019

Investment mandate and objectives

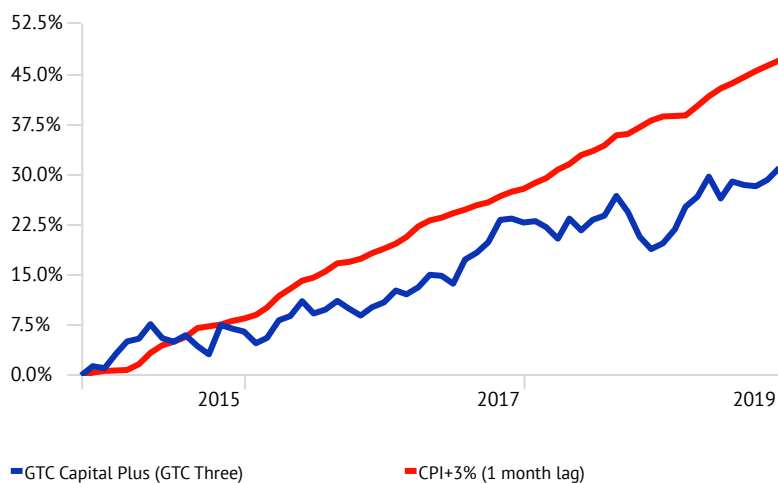

The objective of this portfolio is to outperform the CPI + 3% target over a rolling 5 year period. The objective is to also reduce volatility and provide some downside protection through the use of defensive strategies. The portfolio is designed to generate growth over the long term, accepting that there will be some volatility over the shorter term. The portfolio has international exposure of between 15% and 25%, which offers diversification and a local currency hedge.

Features:

- Regulation 28 compliant
- Capital growth with preservation bias
- Multi-asset class exposure
- Local and international exposure
